

## CURRICULUM VITAE

September 2015

---

### WAYNE S. WALKER

Woods Hole Research Center (WHRC)  
149 Woods Hole Road  
Falmouth, MA 02540-1644 USA  
Tel: (508) 444-1541 • E-mail: [wwalker@whrc.org](mailto:wwalker@whrc.org)

#### EDUCATION

- 2006 Ph.D., Natural Resources and Environment (*Remote Sensing*), University of Michigan.  
Dissertation: *Toward regional- to continental-scale estimates of vegetation canopy height: An empirical approach based on data from the Shuttle Radar Topography Mission.*
- 2003 Certificate of Graduate Studies in Spatial Analysis (*GIS/Spatial Statistics*), University of Michigan.
- 1999 M.S., Natural Resources and Environment (*Forest Ecology*), University of Michigan.  
Thesis: *Landscape ecosystems of the Mack Lake burn, northern Lower Michigan, and the occurrence of the Kirtland's warbler.*
- 1994 B.S., Resource Ecology and Management (*Ecology*), University of Michigan.

#### RESEARCH INTERESTS

Applications of remote sensing and related geospatial technologies to the measurement and monitoring of temperate and tropical forests and the conservation and management of terrestrial ecosystems. Specific areas of interest include: (1) development of image-analysis techniques to advance regional- to continental-scale mapping of forest structural metrics including aboveground carbon density and canopy height, (2) investigation of synergies afforded by the fusion of multi-sensor, multi-spectral, and multi-temporal image data sources, (3) integration of spatial-statistical and object-oriented image-analysis approaches for enabling feature extraction, (4) advancement of tools and techniques for facilitating the spatial-statistical integration of field (i.e., reference) and remotely sensed data sources, (5) education and capacity building in support of REDD+ technical readiness, emphasizing the tools and techniques required to implement operational forest measurement and monitoring systems within organizations ranging from indigenous communities to government ministries, and (6) participation of indigenous and forest dwelling peoples in the field-based components of forest monitoring systems operating at jurisdictional to national scales.

#### PROFESSIONAL EXPERIENCE

- Oct. 2009- Assistant Scientist, The Woods Hole Research Center, Falmouth, MA
- 2008-2009 Research Associate, The Woods Hole Research Center, Falmouth, MA
- 2006-2008 Post-Doctoral Fellow, The Woods Hole Research Center, Falmouth, MA
- 2005-2006 Visiting Research Associate, The Woods Hole Research Center, Falmouth, MA
- 2002-2005 NASA Earth System Science Fellow, Radiation Laboratory, University of Michigan  
Project title: *Forest structure from multispectral fusion*

- 2000-2002 Graduate Student Research Assistant, Radiation Laboratory, University of Michigan  
Project title: *Forest structure from multispectral fusion*
- 1999 Computer Specialist, USDA Forest Service, North Central Research Station, Forestry Sciences Laboratory, Rhinelander, WI
- 1995-1998 Graduate Student Research Assistant, SNRE, University of Michigan  
Project title: *Landscape ecosystems of the Mack Lake burn, northern Lower Michigan, and the occurrence of the Kirtland's warbler*
- 1994 Research Assistant, SNRE, University of Michigan  
Project title: *The diversity of landscape ecosystems in the river valleys of the Huron-Manistee National Forests, northern Lower Michigan*
- 1993 Forest Pest Specialist, Michigan Department of Natural Resources, Forest Management Division, Region II Headquarters, Roscommon, MI

### TEACHING EXPERIENCE

- 1997-1998 Graduate Student Instructor, SNRE, University of Michigan  
Course: *Remote Sensing of Environment – NRE 441* (Prof. C.E. Olson); two terms
- 1997-1998 Graduate Student Instructor, SNRE, University of Michigan  
Course: *Map and Image Interpretation – NRE 442* (Prof. C.E. Olson); two terms
- 1995-1997 Graduate Student Instructor, SNRE, University of Michigan  
Course: *Forest/Terrestrial Ecology – NRE 435* (Prof. B.V. Barnes); three terms

### INTERNATIONAL TRAINING AND CAPACITY BUILDING EXPERIENCE\*

- [1] Introduction to LiDAR Remote Sensing for Land Management and Monitoring. Held March 23-26, 2015, Durango, Mexico. (20 NGO, academic, and government participants).
- [2] State of Mato Grosso, Brazil, MRV Methods for the Mato Grosso Jurisdictional REDD+ Program. Held November 4-6, 2014, Cuiabá, Brazil. (~25 state government and local NGO participants).
- [3] Introduction to LiDAR Remote Sensing for Land Management and Monitoring. Held October 28-30, 2013, Cusco, Peru. (21 state and federal government participants).
- [4] Governors' Climate and Forest Task Force Cross River State REDD+ Workshop on Carbon Monitoring. Held July 22-26, 2013, Calabar, Nigeria. (39 state and federal government, NGO, and university faculty participants).
- [5] Workshop on Tools for Monitoring Carbon Sequestration on Land. Held March 18-26, 2013, Valle de Bravo, Mexico. (~25 NGO and academic participants).
- [6] State of Acre, Brazil, Training Course on Mapping Aboveground Biomass and Carbon Stock. Held November 12-16, 2012, Rio Branco, Brazil. (~20 state government and federal university participants).

- [7] COICA/IDB Forest Carbon Measurement “Training the Trainers” Workshop. Held November 5-9, 2012, Puyo, Ecuador. (~8 indigenous technicians).
- [8] COICA/COIAB Forest Measurement and Monitoring Workshop. Held June 9-13, 2012, Rio de Janeiro, Brazil. (~30 indigenous participants).
- [9] COICA/APA Forest Measurement and Monitoring Workshop. Held March 12-16, 2012, Georgetown, Guyana. (~30 indigenous participants).
- [10] COICA/ORPIA Forest Measurement and Monitoring Workshop. Held July 14-15, 2011, Ciudad Bolívar, Venezuela. (~30 indigenous participants).
- [11] Methods for Biomass Estimation and Forest-Cover Mapping in the Tropics: From Carbon Policy to Technical Training. Held June 21-25, 2011, Kigali/Ruhengeri, Rwanda. (25 participants from 6 African countries).
- [12] COICA/AIDSESEP Forest Measurement and Monitoring Workshop. Held April 28-29, 2011, Iquitos, Peru. (~30 indigenous participants).
- [13] COICA/OIS Forest Measurement and Monitoring Workshop. Held March 10-11, 2011, Berg en Dal, Suriname. (~30 indigenous participants).
- [14] Methods for Biomass Estimation and Forest-Cover Mapping in the Tropics. Workshop held November 8-12, 2010, Mulawarman University, Samarinda, Indonesia. (27 participants from 8 S.E. Asian countries).
- [15] Indigenous REDD Readiness Forest Carbon Measurement Workshop. Held October 13-16, 2010, Sucua, Ecuador. (25 participants from 6 Amazonian countries).
- [16] New Approaches for Measuring and Monitoring Carbon Stocks and Forest Cover in the Tropics. Workshop held November 9-12, 2009, Cat Tien National Park, Vietnam. (32 participants from 7 S.E. Asian countries).
- [17] COICA/CIDOB Forest Measurement and Monitoring Workshop. Held October 30-31, 2009, Concepción, Bolivia. (~50 indigenous participants).
- [18] COICA/OPIAC Forest Measurement and Monitoring Workshop. Held September 13-14, 2009, Melgar, Colombia. (13 indigenous participants).
- [19] COICA/CONFENIAE Forest Measurement and Monitoring Workshop. Held September 4-5, 2009, Puyo, Ecuador. (21 indigenous participants).
- [20] Integrating Remote Sensing and Field Measurements in the Albertine Rift. Workshop held November 12-14, 2008, Kaniyo Pabidi Ecotourism Site, Budongo Forest, Uganda. (~40 participants from 7 east/central African countries).
- [21] Introduction to Remote Sensing/Burn Scar Mapping from Satellite Imagery. Workshop held June 18-21, 2007, Ft. Portal, Uganda. (14 participants).

[22] Introduction to Remote Sensing: Applications to protected area management and biodiversity monitoring in the Albertine region. Workshop held June 21-23, 2006, Kampala, Uganda. (~10 participants).

*\* 22 workshops led/co-led; ~565 participants trained.*

## **FIELD EXPERIENCE**

- Italy (2014): Assisted in the planning and execution of a field campaign to obtain estimates of aboveground forest biomass in support of a global carbon density mapping project.
- Vietnam (2009): Assisted in the planning of a field campaign to estimate aboveground forest biomass in support of pan-tropical forest cover and carbon stock mapping ([www.whrc.org/mapping/](http://www.whrc.org/mapping/)). Assisted in training a field team in all manner of field-based measurement tools and techniques.
- Ecuador/Colombia/Bolivia (2009): Assisted in the collection of field-based estimates of aboveground forest biomass in support of pan-tropical forest cover and carbon stock mapping ([www.whrc.org/mapping/](http://www.whrc.org/mapping/)).
- Uganda, East Africa (2008): Assisted in the planning and direction of a four-week field campaign to estimate above-ground forest biomass in 110 reference plots in support of pan-tropical forest cover and carbon stock mapping ([www.whrc.org/mapping/](http://www.whrc.org/mapping/)). Assisted in training field teams in all manner of field-based measurement tools and techniques.
- Sierra Nevada Range, CA (2000-2001): Planned and directed an eight-month field campaign to characterize the horizontal and vertical structure of Sierran forest communities in support of NASA-funded remote sensing research. Supervised student field crew in establishing/measuring 500+ ground reference plots; conducted GPS surveys, LAI measurements, and detailed laser-based stem mapping/measurements.
- Naval Air Engineering Station, Lakehurst, NJ (2001): Designed and directed vegetation surveys in support of long-distance, wideband propagation research in forested environments.
- Aberdeen Proving Ground, Aberdeen, MD (2000): Conducted forest canopy measurements in support of millimeter-wave foliage penetration (FOPEN) research.
- Mack Lake Burn, MI (1995-1996): Delineated, described, and mapped landscape ecosystems occupied by the federally endangered Kirtland's warbler. Designed and conducted extensive physiographic, microclimatic, edaphic, and vegetative measurements.
- Huron-Manistee National Forests, MI (1994): Characterized the diversity of riverine landscape ecosystems across federal ownership. Conducted cross-sectional elevation profiling of glacial river valleys, soil borings, and botanical surveys. Identified and catalogued 300+ herbaceous plant species.
- Northern Lower Peninsula, MI (1993): Conducted aerial survey mapping and infrared video imaging of gypsy moth defoliation. Conducted ground surveys of forest insect/disease damage and susceptibility.

## PEER-REVIEWED JOURNAL ARTICLES<sup>†</sup>

- [1] Doughty, C.L., J.A. Langley, W.S. Walker, I.C. Feller, R. Schaub, and S.K. Chapman. 2015. Mangrove range expansion rapidly increases coastal wetland carbon storage. *Estuaries and Coasts* DOI: 10.1007/s12237-015-9993-8.

Tropical vegetation height and aboveground biomass derived from field and multi-sensor satellite data (Invited). *American Geophysical Union Fall Meeting*. December 13-17, San Francisco, California. (Presentation)
- [18] Cartus, O., W. Walker, J. Kellndorfer, J. Bishop, and T. Cormier. 2010. Quantification of carbon flux (2000-2007) in Northeastern U.S. forests using the NBCD 2000 biomass map and ALOS PALSAR data. *American Geophysical Union Fall Meeting*. December 13-17, San Francisco, California. (Poster)
- [19] Kellndorfer, J., W. Walker, J. Bishop, T. Cormier, A. Baccini, S.J. Goetz, N. Laporte, and F. Holecz. 2010. Pan-tropical forest cover from ALOS-PALSAR data. *American Geophysical Union Fall Meeting*. December 13-17, San Francisco, California. (Presentation)
- [20] Laporte, N., W.S. Walker, A. Baccini, N. Horning, D. Knight, P. Mekui, A. Bausch, S.J. Goetz, G. Fiske, J.M. Kellndorfer, P. Ndunda, and G. Bush. 2010. Building capacity for national level carbon Measurement, Reporting, and Verification (MRV) systems for a “Reduction of Emissions from Deforestation and Degradation (REDD).” *American Geophysical Union Fall Meeting*. December 13-17, San Francisco, California. (Poster)
- [21] Laporte, N., A. Baccini, G. Bush, S. Goetz, W. Walker, R.A. Houghton, J. Ipalaka, and V. Kasulu. 2010. Monitoring CO<sub>2</sub> emissions from forest loss in the Democratic Republic of Congo (1990-2000). *Forest Day 4, (convened by the Center for International Forestry Research at the 16<sup>th</sup> UNFCCC Conference of the Parties)*. December 5, Cancun, Mexico. (Poster)
- [22] Laporte, N., A. Baccini, S. Goetz, M. Sun, A. Bausch, W. Walker, J. Kellndorfer, and R. Houghton. 2010. Mapping tropical aboveground biomass with MODIS and LiDAR sensors. *International Biomass Workshop*. November 15-17, Paris, France. (Presentation)
- [23] Laporte, N., A. Baccini, W. Walker, A. Bausch, S. Goetz, M. Sun, and J. Kellndorfer. 2010. Tropical forest carbon mapping - From local to continental scales - Application to REDD+. *Workshop on Forest Carbon Stock Mapping and Monitoring Methodologies: From Communities to National Scales*. October 28-29, Bagamoyo, Tanzania. (Presentation)
- [24] Walker, W.S., C.S. Stickler, J.M. Kellndorfer, K.M. Kirsch, and D.C. Nepstad. 2010. Large-area classification and mapping of forest and land cover in the Brazilian Amazon: A comparative analysis of ALOS/PALSAR and Landsat TM data sources. 2010. *American Geophysical Union Meeting of the Americas*. August 8-12, Foz Du Iguacu, Brazil. (Poster)
- [25] Walker, W.S., C.S. Stickler, J.M. Kellndorfer, K.M. Kirsch, and D.C. Nepstad. 2010. Large-area classification and mapping of forest and land cover in the Brazilian Amazon: A comparative analysis of ALOS/PALSAR and Landsat TM data sources. *IEEE Geoscience and Remote Sensing Symposium*. July 26-30, Honolulu, HI. (Presentation)
- [26] Stabach, J., G. Reinartz, N. Laporte, and W. Walker. 2007. Utilizing remote sensing information to identify bonobo (*Pan paniscus*) habitat in Salonga National Park, Democratic Republic of Congo. *21<sup>st</sup> Annual Meeting of the Society for Conservation Biology*. July 2-5, Port Elizabeth, South Africa. (Presentation)

- [27] Laporte, N., J. Stabach, W. Walker, M. McLennan, L. Pintea, and A. Plumptre. 2007. Habitat modeling utilizing remote sensing tools for chimpanzee conservation in western Uganda. *21<sup>st</sup> Annual Meeting of the Society for Conservation Biology*. July 2-5, Port Elizabeth, South Africa. (Presentation)
- [28] Walker, W., N. Laporte, and L. Pintea. 2006. Remote sensing and geographic information systems: An introduction to tools and techniques for Great Apes research and conservation. *20<sup>th</sup> Congress of the International Primatological Society*. June 25-30, Entebbe, Uganda. (Presentation)
- [29] Laporte, N., L. Pintea, and W. Walker. 2006. Operational habitat monitoring for species conservation: Remote sensing tools for chimpanzee conservation in Western Uganda. *20<sup>th</sup> Congress of the International Primatological Society*. June 25-30, Entebbe, Uganda. (Presentation)
- [30] Kellndorfer, J., W. Walker, J. Bishop, E. LaPoint, M. Hoppus, and J. Westfall. 2006. The National Biomass and Carbon Dataset 2000: A high spatial resolution baseline to reduce uncertainty in carbon accounting and flux modeling. Joint Workshop on NASA Biodiversity, Terrestrial Ecology, and Related Applied Sciences. August 21-25, Adelphi, MD. (Poster)
- [31] Kellndorfer, J., W. Walker, E. LaPoint, M. Hoppus, and J. Westfall. 2006. Modeling height, biomass, and carbon in U.S. forests from FIA, SRTM, and ancillary national scale data sets. *USDA Forest Service Remote Sensing Applications Conference (RS-2006)*. April 24-28, Salt Lake City, UT. (Presentation)
- [32] Kellndorfer, J., W. Walker, E. LaPoint, M. Hoppus, and J. Westfall. 2006. Modeling vegetation height, biomass and carbon in the U.S. from SRTM, Landsat ETM, and ancillary data sets. *IEEE Geoscience and Remote Sensing Symposium*. July 31<sup>st</sup>-August 4th, Denver, CO. (Presentation)
- [33] Walker, W., N. Laporte, and L. Pintea. 2006. Remote sensing and geographic information systems: An introduction to tools and techniques for great ape research and conservation. *21<sup>st</sup> Congress of the International Primatological Society*. June 25-30, Entebbe, Uganda. (Symposium Presentation)
- [34] Kellndorfer, J.M., W.S. Walker, M. Hoppus, J. Westfall, and E. LaPoint. 2005. The National Biomass and Carbon Dataset 2000: A high spatial resolution baseline to reduce uncertainty in carbon accounting and flux modeling. *EOS Transactions of the American Geophysical Union 85(52) Fall Meet. Suppl.*, Abstract B54B-07. December 11-15, San Francisco, CA. (Poster)
- [35] Kellndorfer, J.M., W.S. Walker, M. Hoppus, J. Westfall, and E. LaPoint. 2005. The National Biomass and Carbon Dataset 2000 (NBCD 2000): A high spatial resolution baseline to reduce uncertainty in carbon accounting and flux modeling. *Seventh Annual Forest Inventory and Analysis Symposium*. October 3-6, 2005, Portland, Maine. (Poster)
- [36] Kellndorfer, J.M. and W.S. Walker. 2005. SRTM, NED, and NLCD 2001 data: Synergy of national datasets for biomass and carbon quantification in the U.S. *The Shuttle Radar Topography Mission – Data Validation and Applications Workshop*. June 14-16, Reston, VA. (Poster)
- [37] Walker, W.S., J.M. Kellndorfer, and L.E. Pierce. 2005. Quality assessment of Shuttle Radar Topography Mission C- and X-band interferometric data: Implications for the retrieval of vegetation canopy height. *The Shuttle Radar Topography Mission – Data Validation and Applications Workshop*. June 14-16, Reston, VA. (Presentation)

- [38] Casciato, M., L. Pierce, A. Hartz, B. Lyons, W. Walker, and K. Sarabandi. 2003. Long distance wideband propagation measurements in a forested environment. *IEEE International Symposium on Antennas and Propagation & USNC/CNC/URSI North American Radio Science Meeting*. June 22-27, Columbus, OH. (Presentation)
- [39] Fites-Kaufman, J.A., C. Hunsaker, P. Hyde, R. Dubayah, L. Pierce, W. Walker, B. Peterson, J.B. Blair, H. Hyde, and M. Hofton. 2002. Mapping Sierra Nevada vegetation structure with radar, lidar, and multispectral fusion of remote sensors. *Sierra Nevada Science Symposium*. October 1-10, Lake Tahoe, CA. (Poster)
- [40] Kashian, D.M., W.S. Walker, and B.V. Barnes. 1998. Landscape ecosystems of the Highplains of northern Lower Michigan and the occurrence of the Kirtland's warbler. *National Convention of the Society of American Foresters (SAF)*. September 19-23, Traverse City, MI. (Presentation)
- [41] Walker, W.S., and B.V. Barnes. 1998. Landscape ecology of the Mack Lake Basin and the occurrence of Kirtland's warbler. *13<sup>th</sup> Annual Conference of the United States Regional Association, International Association for Landscape Ecology*. March 17-21, East Lansing, MI. (Presentation)

#### **NON-REFEREED PUBLICATIONS AND REPORTS**

- [1] Walker, W., A. Baccini, M. Nepstad, N. Horning, D. Knight, E. Braun, and A. Bausch. 2011. *Field Guide for Forest Biomass and Carbon Estimation*. Version 1.0. Woods Hole Research Center, Falmouth, Massachusetts, USA (<http://www.whrc.org/resources/fieldguides/index.html>).
- [2] Baccini, A., N. Laporte, S. Goetz, M. Sun, and W. Walker. 2009. *Pantropical forest carbon mapped with satellite and field observations*. Woods Hole Research Center report prepared for the United Nations Framework Convention on Climate Change (UNFCCC) Conference of the Parties (COP), Fifteenth session, December 7-18, Copenhagen, Denmark.
- [3] Goetz, S., A. Baccini, N. Laporte, T. Johns, W. Walker, J. Kellndorfer, and R.A. Houghton. 2008. *Mapping and monitoring carbon stocks with satellite observations: An update*. Woods Hole Research Center report prepared for the United Nations Framework Convention on Climate Change (UNFCCC) Conference of the Parties (COP), Fourteenth session, December 1-12, Poznan, Poland.
- [4] Kellndorfer, J., M. Shimada, A. Rosenqvist, W. Walker, K. Kirsch, D. Nepstad, N. Laporte, C. Stickler, and P. Lefebvre. 2007. *New eyes in the sky: Cloud-free tropical forest monitoring for REDD with the Japanese Advanced Land Observing Satellite (ALOS)*. Woods Hole Research Center report prepared for the United Nations Framework Convention on Climate Change (UNFCCC) Conference of the Parties (COP), Thirteenth session, December 3-14, Bali, Indonesia.

#### **INVITED WORKSHOPS/BRIEFINGS/LECTURES**

- [1] Invited webinar/seminar for the World Bank - Forest Carbon Partnership Facility. *The unrecognized contribution of indigenous territories and protected natural areas*. March 4/6, 2015, Washington, D.C. Sponsored by the World Bank - Forest Carbon Partnership Facility. <http://einstitute.worldbank.org/ei/webinar/forest-carbon-assessment-amazons-indigenous-and-protected-areas>.

- [2] Invited technical expert. *REDD+ negotiator dialogue: MRV and reference levels*. February 8-9, 2012, Siem Reap, Cambodia. Sponsored by the Forum on Readiness for REDD.
- [3] Invited briefing before the Government of Acre, Brazil, Institute of Climate Change and Regulation of Environmental Services (IMC). *Large-Area mapping of forest cover and carbon density: Potential contributions to Acre's System of Incentives for Environmental Services (SISA)*. September 27-29, 2011, Rio Branco, Brazil. Sponsored by WWF.
- [4] Invited technical expert. *Workshop on linking community monitoring with national MRV for REDD+*. September 12-14, 2011, Mexico City, Mexico. Sponsored by the World Bank - Forest Carbon Partnership Facility.
- [5] Invited seminar for the World Bank - Forest Carbon Partnership Facility. *The role of local communities and indigenous peoples in forest monitoring for REDD+*. March 25, 2011, Washington, D.C. Sponsored by the World Bank - Forest Carbon Partnership Facility.
- [6] Invited briefing before the California Air Resources Board. *Mapping forest cover and carbon for REDD+*. February 9, 2011, Sacramento, CA. Sponsored by the Environmental Defense Fund
- [7] Invited participant. *DESDynI Applications Workshop*. Sponsored by the National Aeronautics and Space Administration (NASA). October 29-31, 2008, Sacramento, CA.
- [8] Invited participant. *Kibale Chimpanzee Project 20<sup>th</sup> anniversary workshop – Kibale Forest: A model for exploring the relationship between long term research and conservation*. June 15-17, 2007, Kibale National Park, Uganda.
- [9] Invited participant. *Multidimensional forested ecosystem structure workshop: Requirements for remote sensing observations*. Sponsored by the National Aeronautics and Space Administration (NASA). June 23-25, 2003, Annapolis, MD.
- [10] Invited keynote speaker. Watershed wonders: The big benefits of big trees. *Johnson Creek Protection Group – Fifth annual Volunteer Rally and Informational Meeting*. February 21, 2005, Plymouth, MI.

## INTERNATIONAL POLICY ENGAGEMENT

- [1] 20<sup>th</sup> Session of the Conference of the Parties to the United Nations Framework Convention on Climate Change (COP 20). December 1-14, 2014, Lima Peru. Accredited Civil Society Observer/WHRC delegation.
- [2] 17<sup>th</sup> Session of the Conference of the Parties to the United Nations Framework Convention on Climate Change (COP 17). November 28-December 9, 2011, Durban South Africa. Accredited Civil Society Observer/WHRC delegation.
- [3] 16<sup>th</sup> Session of the Conference of the Parties to the United Nations Framework Convention on Climate Change (COP 16). November 29-December 10, 2010, Cancun Mexico. Accredited Civil Society Observer/WHRC delegation.
- [4] 15<sup>th</sup> Session of the Conference of the Parties to the United Nations Framework Convention on Climate Change (COP 15). December 7-18, 2009, Copenhagen Denmark. Accredited Civil Society Observer/WHRC delegation.

## GOVERNMENT AND FOUNDATION GRANTS/AWARDS

### *Principal Investigator\**

Direct Measurement of Aboveground Carbon Dynamics in Support of Large-Area CMS Development.  
*NASA; \$932,727. 2014-2017.*  
*Designated a core project of the North American Carbon Program (NACP).*

Building capacity for tropical forest monitoring and management in Acre, Brazil, and Indonesia.  
*David and Lucile Packard Foundation; \$234,834. 2012-2013.*

### *Institutional Principal Investigator (sub-grant awards)*

Amazonian indigenous territories: Recognizing and responding to risks from forest loss (*Pending*).  
*Norwegian Agency for Development Cooperation (Norad); \$524,518.*  
*PI García, EcoCiencia. 2016-2020.*

Improving MRV capabilities on carbon accounting to support REDD+ jurisdictional programs in Brazilian Amazon states. *GCF Fund; \$37,500*  
*PI Alencar, Amazon Environmental Research Institute (IPAM). 2015-2016.*

Supporting jurisdictional REDD+ programs of the states and provinces of the Governors' Climate and Forests Task Force (GCF).  
*GCF; \$75,000*  
*PI Nepstad, Earth Innovation Institute. 2014.*

Mangroves marching northward: Investigating the impacts of sea level and temperature rise on the coastal ecosystems at Kennedy Space Center.  
*NASA; \$40,424*  
*PI Chapman, Villanova University. 2012-2015.*

Forest carbon in Amazonian indigenous territories.  
*The World Bank; \$8,000*  
*PI Meyer, Environmental Defense Fund (EDF). 2012-2014.*

Climate change and indigenous peoples of the Amazon basin.  
*Inter-American Development Bank (IDB); \$33,662*  
*PI Jintiach, Coordinators of Indigenous Organizations of the Amazon Basin (COICA). 2012-2014.*

Mexico's Reduced Emissions from Deforestation and Degradation Program.  
*U.S. Agency for International Development (USAID); \$3,034,682*  
*Co-PIs Gutierrez/Ginn, The Nature Conservancy. 2011-2016.*

The Forum on Readiness for REDD: Partnerships for long-term capacity in REDD design and implementation.  
*Norwegian Agency for Development Cooperation (NORAD); \$96,535*  
*PI Johns, Amazon Environmental Research Institute (IPAM). 2010-2013*

Building a forest Carbon Monitoring and Accounting System (CMAS) for the Registry of Socio-Environmental Responsibility (RSR).  
*International Finance Corporation (IFC)/World Bank Group; \$30,000*  
*PI Nepstad, Amazon Environmental Research (IPAM). 2010-2011.*

‡ *Have secured/managed 4.5+ million in grants since 2010.*

### **Co-Investigator**

Global Carbon Emission Data for Global Forest Watch (GFW)  
*World Resources Institute (WRI); PI Baccini, Woods Hole Research Center. 2014-2015.*

Growing a green economy in the Democratic Republic of Congo – Project Equateur.  
*The Congo Basin Forest Fund (CBFF); PI Bush, Woods Hole Research Center. 2014-2016.*

Sustainable Landscapes in Brazil & Indonesia  
*The Nature Conservancy (TNC); PI Baccini, Woods Hole Research Center. 2014.*

LiDAR and optical data fusion for global carbon stock mapping.  
*NASA; PI Baccini, Woods Hole Research Center. 2013-2016.*

Linking historical and future land-use change to the economic drivers and biophysical limitations of agricultural expansion in the Brazilian cerrado.  
*NASA; PI Coe, Woods Hole Research Center. 2011-2013.*

Ecosystem structure measurements from DESDynI: Studies of technological options and data fusion using ICESat/GLAS, Airborne Lidar and ALOS/PALSAR data sets over Central Chile.  
*NASA; PI Kellndorfer, Woods Hole Research Center. 2008-2012.*

Pan-Tropical mapping of forest cover and associated aboveground carbon stock.  
*The Gordon and Betty Moore Foundation, Google.org, and the David and Lucile Packard Foundation; Co-PIs Kellndorfer/Laporte, Woods Hole Research Center. 2008-2011.*

Towards spatially explicit quantification of carbon flux (2000-2007) in Northeastern U.S. forests linking remote sensing with forest inventory data.  
*USDA; PI Kellndorfer, Woods Hole Research Center. 2006-2012.*

The National Biomass and Carbon Data set 2000.  
*NASA; PI Kellndorfer, Woods Hole Research Center. 2005-2011.*

## ***Collaborator***

NASA Carbon Monitoring System Science Definition Team.

*NASA; PI Kellndorfer, Woods Hole Research Center. 2011-2012.*

## **AWARDS AND HONORS**

- National Aeronautics and Space Administration Earth System Science Fellowship (2002-2005)
- Samuel A. Graham Award for “outstanding scholarship and superior capability in writing,” SNRE, University of Michigan (2003)
- Jeffery Lund Forest Ecology Award for “demonstrating academic excellence, research capability, and professional promise,” SNRE, University of Michigan (2003)
- Samuel A. Graham Award for “outstanding scholarship and superior capability in writing,” SNRE, University of Michigan (2000)
- Resource Ecology and Management Superior Teaching Award, SNRE, University of Michigan (1998)
- Terrestrial Ecosystems Faculty Award, SNRE, University of Michigan (1997)
- SNRE Merit Scholarship, University of Michigan (6 semesters: 1995-1997)
- Undergraduate Dean’s List Honors, SNRE, University of Michigan (4 semesters: 1993-1994)

## **PROFESSIONAL SOCIETIES AND SERVICE**

### ***Societies***

American Association for the Advancement of Science (AAAS)

American Geophysical Union (AGU)

### ***Service – Professional***

Science Team Member: NASA Carbon Monitoring System (CMS) (2014-present).

Graduate student mentor: *Official capacity* – Jill Derwin, Ph.D. committee member, Virginia Tech University, 2014-present. *Unofficial capacity*<sup>§</sup> – Cheryl Doughty, M.S. student, Villanova University, 2013-2015; Fabio Gonçalves, Ph.D. student, Oregon State University, 2012-2014; Matt Fagan, M.S. student, Colombia University, 2011-2012; Marcia Macedo, Ph.D. student, Colombia University, 2010-2012; Claudia Stickler, Ph.D. student, University of Florida, 2007-2010.

<sup>§</sup> *Mentorship has resulted in co-authored, peer-reviewed publications in all cases.*

Manuscript reviewer: *ASPRS Photogrammetric Engineering and Remote Sensing, Canadian Journal of Remote Sensing, Environmental Management, Greenhouse Gas Measurement & Management, IEEE Journal of Selected Topics in Applied Earth Observations and Remote Sensing, IEEE Transactions on Geoscience and Remote Sensing, ISPRS Journal of Photogrammetry and Remote Sensing, International Journal of Remote Sensing, Journal of Geophysical Research – Biogeosciences, Remote Sensing, and Remote Sensing of Environment.*

Proposal reviewer: *NASA, Gordon and Betty Moore Foundation.*

### ***Service – Woods Hole Research Center***

Committees: Numerous staff recruitment, strategic planning, and other administrative/programmatic committee service (2005-2015).

Other: Scheduled all in-house presentations/lectures (2008-2014).

***Service – Community***

Land Steward, The 300 Committee, Falmouth, MA (2006-2011).

Volunteer, Waquoit Bay National Estuarine Research Reserve, East Falmouth, MA (2006-2011).

Member, The 300 Committee Land Trust, Falmouth, MA (2015-).

Member, Highfield Hall and Gardens, Falmouth, MA (2015-).

***Service – University of Michigan***

Ph.D. Program Review Committee, SNRE, University of Michigan (2000).

Undergraduate/Graduate Student Mentorship Program, SNRE, University of Michigan (1999-2000).

Xi Sigma Pi Upsilon Chapter officer (1995).

**OTHER PROFESSIONAL**

Small business owner: Spice Merchants, Mashpee Commons, Mashpee, MA (2013-present).
